

The Beta Buzz

**Newsletter Vol. 1 Number 2
Spring 2006
Brookfield, CT.**

Finally, spring is here! Our Winter 2005/2006 "Beta Buzz" was well received. We got some excellent feedback and questions from our customers. I have had many customers asking when the next edition of the "Beta Buzz" was coming out. Well, here it is! Let's get you caught up on the last few months in Beta land. This newsletter will be emailed to you quarterly. This will be in addition to any press releases that we will share with you. We want to thank you for your patronage over the years and look forward to the opportunity to continue to assist you.

Beta Squared Lithography Introduces NEW LCD AIM Display

Beta Squared Lithography, Inc. announced a "new" LCD AIM Display. What's different? Well let me tell you...This display has a Non burn-in screen, "Plug and Play" capability with your existing system, can be operated as a standard VGA monitor to help diagnose AIM computer problems, Selectable colors (Amber, Green, Cyan and Magenta). Now available!

Beta Squared Lithography has "State of the Art" Tracker Interface Systems for RILO and RIRO

Beta Squared Lithography, Inc. has Tracker Interface Systems available for both **RIRO** and **RILO** machines. The Tracker fits into the "existing envelope"; however it is **more compact and robust**. It's **easily integrated** onto existing equipment, with proven reliability.

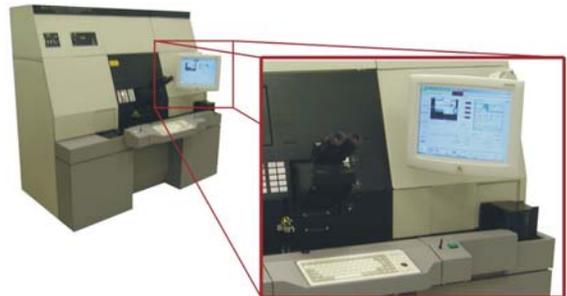

Benefits: 100% throughput with no broken wafers; more than 50% reduction of Monthly PM time; software flexibility & multi-tasking; user friendly operation easy to use windows based menus (OS2000). Many of the parts are "Off the Shelf", which drastically cuts your downtime.

Beta Squared Lithography to Exhibit at SEMICON® Europa 2006

We look forward to seeing many of you in Munich, Germany next week on April 4, 5 & 6 to discuss your applications and opportunities. We will be in Hall A1 at booth location 656.

Beta Squared Lithography, Inc., the leader in Micralign™ Sales, Service, High Reliability Parts and Equipment Upgrades has the following Micralign™ Mask Aligners available for sale with or without OS2000:
