

## The Beta Buzz

**Newsletter Vol. 1 Number 3  
Summer 2006  
Brookfield, CT**

*We would like to thank all of you for the fabulous responses about the Beta Buzz. It's nice to hear from you, please keep the feedback coming. It will only make the "Buzz" better. If there is anything in particular you would like to see in the "Buzz" let us know and we'll put it in a future edition.*

*Here's what is new...*

### **Beta Squared Lithography has AUDIT™**

Beta Squared Lithography, Inc. wants to let you know that AUDIT™ is available in both factory and field upgrades. Here are some of the benefits of AUDIT™: more efficient uptime utilization; less idle time; "frees-up" the technician for other tasks by allowing uniformity to be checked and corrected automatically when initiated by the operator; machine is more likely to be running production at optimum uniformity due to simplification of the uniformity check. Don't you want to be more efficient? Call us for more information!!!

### **Beta Squared Lithography at SEMICON® Europa 2006**

Danke für das Besuchen wir in München, Deutschland!  
Ludo de Smet, Manager European Support (right) and Tony Santospirito, Sales & Marketing Manager represented BSL at SEMICON Europa 2006 in Munich, Germany. We would like to thank our customers that stopped by our booth to say hello and discuss their requirements with us. We look forward to meeting more of our current and potential customers at future shows to discuss your lithography processing requirements and how we can help you achieve those goals.

### **Beta Squared Lithography offers Micralign™ and OS2000 Training**
